

American Association of
Acupuncture & Oriental Medicine

To our valued American Association of Acupuncture and Oriental members: Are you looking for a company that offers credit/debit/prepaid card processing and payroll solutions that:

- Is a consultative business partner who can help you navigate the complex task of managing our card acceptance and payroll programs?
- Has the highest level of local sales and service personnel in the marketplace today that includes company employees rather than independent contractors?
- Offers competitive, fairly priced rates, disclosing all your costs and fees?
- Offers a three (3) year rate guarantee as well as easy to read statements?
- Offers online access to your account --including detailed information regarding transactions, batches, ACH deposits, chargebacks and month-end statements?

Then look no further!

AAAOM has selected Heartland Payment Systems as its endorsed credit/debit/prepaid card and payroll processor. Heartland offers competitive customized pricing for credit/debit card processing and payroll solutions as well as a simple pricing structure to AAAOM members. Heartland offers significant savings by reducing--and in many instances eliminating--traditional payment processor fees.

Heartland is the founding supporter of **The Merchant Bill of Rights**, a public advocacy initiative that educates merchants about fair credit and debit card processing practices. For more information, visit: www.heartlandpaymentsystems.com and www.MerchantBillOfRights.com.

Please call Heartland Payment Systems toll free at 866-976-7207. A local Heartland representative will provide a free no obligation analysis of your statement for credit card and or payroll processing.

Sincerely,

Rebekah Christensen
Executive Director
